From the Editor

I've been your editor for a year now, going on two, and I've enjoyed my job and getting to know more of our members. Thank you for your patience as I've adjusted into this responsibility. There have been a few glitches, which we've survived, thankfully! I wanted to poke a little fun at myself, so I imagined a conversation in January between two members going something like this:

Ring-Ring...Ring-Ring...

Friend 1: Hello?

Friend 2: Have you gotten your gazette yet?

Friend 1: Nope, still waiting. You?

Friend 2: Arrived today. Good news and bad news.

Friend 1: Good grief! Well, tell me the good part first! I'm telling you, this gazette sure hasn't been the same! All these changes! You know, I think that ed-it-OR is trying to get us to learn foreign languages?!

Friend 2: How do you figure?

Friend 1: You remember when the gazette came, and it was printed backwards?! Well, I'm sure she was trying to teach us one of those languages that they read funny – Hebrew or Arabic or something!

Sneaky-like, you know? I'm going to file a complaint!

Friend 2: You think so?

Friend 1: And another thing – you remember that health concern I had last year? The one I was telling you about at the birthday breakfast that time? Well, that ed-it-OR must have overheard. You know she put that in the gazette for any and all to read?!

Friend 2: What? I never saw anything.

Friend 1: Well, she did. Put it in her “Engine Complaints and Misfires” article! I mean, really! Now that attractive C6 brunette won't even look at me! I'm going to file a complaint! Say, didn't you say you had some bad news about the gazette?

Friend 2: Yeah.

Friend 1: Well?

Friend 2: Looks like I got your copy of the gazette mailed to me instead of receiving my own.

Friend 1: So you mean to tell me that that ed-it-OR has sent my copy to you, and your copy to Kingdom Come?!! I'm really going to file a complaint!!

Friend 2: Don't go poking that bear, friend. Don't go poking that bear.

Here's to a great year filled with great friendships and driving adventures!

Proposed Bylaw Change

A proposed ByLaw Change was presented at the Dec 2017 Membership Meeting. This change removes the point system for officer eligibility and puts in place a 50% attendance requirement at points events to be eligible to run for President. It also allows the officers to appoint an officer for a vacant officer position subject to approval by a consenting vote of 2/3 club majority at a membership meeting.

The proposed bylaw change can be viewed on the CCU Website and will be presented for a consenting vote of 2/3 club majority vote at the Jan 2018 membership meeting. Two ballots are provided in this issue of the gazette for you to vote and submit at the January meeting.

Thank You to Our 2017 Officers

We'd like to thank our 2017 CCU Officers for their service this past year! Thank you for your time and efforts in making this a great club!

How to set up a Pop-Up Social

Pop-Up Socials are fun ways to get people together for spur-of-the-moment and/or localized activities. And they are rather simple to organize. Once you've decided on an event, the next step is to get the word out. Send your information to Nola Emery, at ccu.secretary@corvetteclubofutah.org. She will send out an email to all club members, letting them know of the activity. If there is some time before the event, also let Kelly Vining know, and he can also put the information on the webpage (ccu.webmaster@corvetteclubofutah.org). Let creativity and curiosity be your guide! Been wanting to try a new restaurant? Heard about a fun drive? Always wanted to check out A, B, or C? Do it with Corvette friends!

Check the Website for Current Information

Important! I can't stress this enough - check the Corvette Club of Utah website for the latest information regarding activities, new, and events at <http://www.corvetteclubofutah.org/>. Since the gazette goes to the printer

weeks before you receive it, and due to the natural course of changes to activities, please see the website for the most current information.

Other information

To e-mail a CCU Officer, go to <http://www.corvetteclubofutah.org/> and click on 2017 Officers for a list of the officers. Click on the blue underlined title of the officer to send an e-mail to that officer.

Please contact the Special Events Chair, Karen DeSmet, regarding upcoming events. Contact the Treasurer, Diane Williams regarding renewals and payments for upcoming events. Please contact the Secretary, Nola Emery, regarding event attendance and meeting minutes.

The club's financial information is available if you are interested. See Diane Williams at our monthly member meetings. She has our finances broken down by quarter, and is happy to relate that information to anyone interested.

Embroidered shirts are available through Creative Graphics. Contact Andrea Bitton at 801-266-7273 or andrea@cgprinting.com. Or visit their website at www.cgprinting.com. Judy Corgiat has a catalog.

To change your mailing address for the *Vette Gazette*, send an e-mail to ccu.membership@corvetteclubofutah.org.

Join us on-line at www.corvetteclubofutah.org or like us on Facebook at [https:// www.facebook.com/CorvetteClubOfUtah](https://www.facebook.com/CorvetteClubOfUtah).

Wear Your CCU Name Badge

We have lots of new members in the club, and not so new members who are still getting to know people. The only way they will be able to remember your name is if you wear your CCU name badge. We strongly encourage wearing of name badges to activities and meetings. Please wear your badge!

From the President

Dear CCU Members,

Our Corvettes may be in hibernation for the winter but we as your 2018 officers are busy working on a fun filled year. Expect popups, drives after birthday events, and both short and long road trips. We as your new officers are very excited about the coming year.

We will have new recruiting pamphlets to give to prospective new members. The new pamphlets will give a prospective new member information about our club and reasons to join. As we grow it will be very important to have our existing members make the new members feel welcome and comfortable. I remember feeling very intimidated when I attended my first CCU meeting. If we as members wear our nametags and make new members feel welcome they will want to come back and part if us.

We want to put together popups. Please check the website and your email often to watch for these. Please support these when you can. If you have a favorite place that you would like to share with the club as a popup let us know so we can put it together.

We will not only have birthday breakfasts, we will also do lunches and dinners. When the weather is more favorable we will include a drive with these birthday events.

Kelly Vining presented to the club a list of possible trips. We are working on some of them for this year. If you have an idea for a trip please let us know. We will be happy to help you plan a trip.

One of our goals is to find ways to give back to our communities. We will be looking for opportunities to provide service to local charities and clubs. Since we have a specific charity we cannot donate money from the club, but we can donate time and resources to give back to our communities.

We welcome your thoughts and ideas as we move forward in 2018. Let's work together to make this the best year ever for the Corvette Club of Utah!

Thanks,
John Forbes

New Members

Gene and Carolyn Bates - have recently joined our club. We look forward to getting to know them! I understand that Carolyn surprised Gene with the membership as a birthday gift. More about them in the next issue.

High Mileage C5 Corvette Donated

When it comes to Corvettes, many owners like to brag on how few miles their car has. For Mark Blackwell of Jacksonville, FL, he loves the fact that his Corvette is quite the opposite. In fact, it boasts 773,338 miles, all on its original engine.

Mark purchased the car brand new in 1999 and has used it as his mobile office ever since... a total of 18 years. For business, he travels into Georgia and down into southern Florida every day, and if you do the math, the car has achieved an average of 100 miles per day.

"It's a fabulous car, I have no complaints," said Mark. In fact, having the Corvette saved Mark's life. He tells us that one evening he was driving on the interstate when the bumper from a semi fell into the highway. He was able to quickly maneuver around the debris into the median, blowing two tires but never losing control.

Mark decided a car with this incredible amount of miles on it belonged in the Museum and Curator Derek Moore agreed. "Ever car has a story, and this one is unique. It was only about 20,000 miles ago that it needed its original head gaskets replaced!"

The car's story was featured on [Road and Track](#).

Thanks to Mark for his generosity!

Chevrolet drops the top — and the hammer — with the 2019 Corvette ZR1 convertible

Chevrolet today dropped the top on the 2019 Corvette ZR1 with the global introduction of the ZR1 convertible, the first ZR1 drop-top since the original 1970 model-year ZR1.

On sale next spring alongside the Corvette ZR1 coupe, the ZR1 convertible emphasizes Corvette's iconic proportions and functional sculpture, highlighting the seamless transition between the exterior and interior.

The ZR1 coupe will carry a suggested retail price of \$119,995, while the ZR1 convertible will start at \$123,995 (prices include destination charge, but exclude tax, title and other dealer fees).

"The new Corvette ZR1 convertible is a supercar in all respects," said Mark Reuss, executive vice president, Global Product Development, Purchasing and Supply Chain. "Few others can challenge the ZR1 convertible's power and speed while offering the exhilaration of top-down motoring."

The performance and technology introduced on the Corvette ZR1 coupe carry over to the new ZR1 convertible. The strength of the Corvette's aluminum chassis means the only structural changes in the convertible are accommodations for the folding top and repositioned safety belt mounts. The power top can be operated remotely or while driving up to 30 mph.

In fact, the curb weight difference between the ZR1 coupe and convertible is less than 60 pounds (27 kg), with most of the difference attributed to the folding top hardware.

“The ZR1 convertible is a no-compromise supercar,” said Corvette Executive Chief Engineer Tadge Juechter. “Thanks to the strong structure, the suspension tuning between coupe and convertible models is identical, meaning the ZR1 convertible offers the same benchmark performance, including a top speed of over 200 mph.”

The Corvette ZR1’s unique aero package is central to the coupe’s 212-mph (341 kph) top speed. Its standard, stanchion-mounted Low Wing generates road-holding downforce with minimal drag, enabling the benchmark top speed. This was evident during top-speed testing at Germany’s Papenburg proving ground.

An adjustable High Wing is part of the new \$2,995 ZTK Performance Package, which also includes a front splitter with carbon-fiber end caps, Michelin Pilot Sport Cup 2 tires and specific chassis and Magnetic Ride Control tuning. It is designed to help generate faster lap times through maximum grip in the corners, with up to 950 pounds of downforce. The top speed is lower with the High Wing but still exceeds 200 mph.

Complementing the ZR1’s aero advantage on the way to 212 mph is the thrust generated by the exclusive LT5 6.2L supercharged engine, which is rated at an SAE-certified 755 horsepower (563 kW) and 715 lb-ft of torque (969 Nm). A seven-speed manual transmission and a ZR1-first paddle-shift eight-speed automatic transmission are offered with it. Preliminary testing has shown 0-60 mph in under 3.0 seconds and the quarter mile in the high 10-second range when the engine is equipped with the eight-speed automatic.

The LT5 features a new, more efficient intercooled supercharger system, along with GM’s first dual fuel-injection system, which employs primary direct injection and supplemental port injection. Compared to the supercharger system on the Corvette Z06’s LT4 engine, the LT5 employs a larger, 2.65-liter supercharger that generates more boost while spinning at a slightly slower speed. That reduces heat to help maintain a lower air intake temperature for optimal performance.

Four new radiators also help manage cooling in the ZR1, which features 13 radiators in all, including circuits for engine oil, transmission and differential cooling.

A new, patent-pending exhaust system is the voice of the supercharged LT5 engine and offers the most aggressive sound ever for a production Corvette.

Building on the bi-modal exhaust system offered on other Corvette models, it features four distinct modes and sound levels: Stealth, Tour, Sport and Track. In Stealth mode, the ZR1 is quieter than the Corvette Z06, while in Track mode it is significantly louder.

In Track mode, a spring-loaded passive valve closes to allow virtually unrestricted exhaust flow for maximum performance. The exhaust note for all modes was carefully tuned to deliver a distinctive sound.

2019 National Corvette Caravan

Often referred to as the world's largest moving automotive event, the National Corvette Caravan is a celebration of America's Sports Car, culminating in Bowling Green, Kentucky for the anniversary celebration of the National Corvette Museum. Hosted only once every five years, the next event is slated for Labor Day Weekend 2019 and will mark the Museum's 25th Anniversary. Leading the charge will be Jeffrey Duda of Hainesport, NJ, a Lifetime Member of the Museum and previous co-captain of the New Jersey 2014 and 2009 Caravans.

The 6th National Corvette Caravan is slated for August 28-31, 2019. Regional caravans will form and join other caravans as they travel across the United States to meet in Bowling Green, Kentucky for four days of festivities at the National Corvette Museum. An event such as this requires years of planning and coordinating. All help is appreciated! If you would like to volunteer to be a Caravan Captain, please email Jeff at nationalchairman2019@verizon.net

Don Herzer, Publications Director for the Western States Corvette Council (WSCC) who served as Captain of the NorCal section of the 2014 Caravan, has been asked to to be our Captain for 2019.

He has elected to give our section a nickname – Pacific Central Corvette Caravan – which is easily further shortened to Pacific Central and PCCC. This is much less cumbersome than listing the whole three states. Also, if it is shortened to NorCal (as done in 2014), then N. Nevada and Utah feel left out.

He will be working on blocking sets of rooms at hotels along the route, but don't expect registration to be available until approximately fall of 2018. He will be compiling all this and much more into a Route Book that will be available to registered participants Spring 2019.

If you would like to volunteer to help him in this venture, he would welcome that. He will also be looking for sponsors to help defray some of the costs. You may reach him via:

What can you expect from the 2019 National Corvette Caravan:

Registration for the caravan will occur on-line at the National Corvette Museum (NCM) website. If you are not a member of NCM, you will have to join NCM as part of the registration process. We will send out a notice when it's time to register.

Go to the Corvette Caravan Facebook page and join the group. This is how you will receive information regarding the caravan from NCM and our Captain.

Sign-up for a Corvette Factory Tour on the Thursday or Friday that you will be at the NCM. This is one of the highlights during the caravan. These go fast so sign-up early. The NCM website has a link to the factory tour reservations page.

About a year out, the Captain will release a list of hotels that the caravan will be stopping at. CCU will be using these hotels for the trip to the museum. The caravan will be coming across Nevada and Utah on US-50 so it will not be stopping in Salt Lake City. We will catch up with the Caravan somewhere along US-50 or I-70.

Bob Clayton and Bob Tillotson will be the CCU Co-Captains for the caravan. They will share planning and leading CCU to and from the museum. We are planning on doing the entire Route 66 for the return trip home. We will release at a later date the motel the club will be staying at in at Bowling Green and a list of hotels we will use for the journey home. Make your motel reservations early.

The Museum is located at I-65, exit 28 in South Central Kentucky and is open daily, 8am to 5pm Central Time.

CCU NCM Ambassador News

I have NCM Win A Corvette raffle tickets for a 2018 Arctic White Corvette Couple which will be raffled off on February 8, 2018 at 2 PM CT. Cost is \$10 each. I'll have the tickets available at all club meetings and events.

To find out more about the National Corvette Museum contact your CCU NCM Ambassador, Bob Clayton.

IN THEIR OWN WORDS: Antonio Garcia and Jan Magnussen

DETROIT (Nov. 6, 2017) – Winning an IMSA championship is never easy. Corvette Racing just makes it appear that way. In 2017, the program successfully defended its Manufacturer, Driver and Team titles in the IMSA WeatherTech SportsCar Championship with four victories in the GT Le Mans (GTLM) class. Antonio Garcia and Jan Magnussen, in the No. 3 Mobil 1/SiriusXM Chevrolet Corvette C7.R, recorded three of those victories on the way to their second championship together – the first coming in the 2013 American Le Mans Series.

Proposed ByLaw Change

A proposed ByLaw Change was presented at the Dec 2017 Membership Meeting. This change removes the point system for officer eligibility and puts in place a 50% attendance requirement at points events to be eligible to run for President. It also allows the officers to appoint an officer for a vacant officer position subject to approval by a consenting vote of 2/3 club majority at a membership meeting.

The proposed bylaw change can be viewed on the CCU Website and will be presented for a consenting vote of 2/3 club majority vote at the Jan 2018 membership meeting.

CCU Caribbean Cruise

CCU is restarting the fall ship cruises. The next cruise will be Jan 12th - 20th 2019 on the Carnival Horizon. This cruise was already planned and the fall cruises will actually start in Nov 2019. This is a good way to get out of the cold and snow. Current prices with port fees and taxes are \$901.75 a person for an inside cabin and \$1531.75 a person for a balcony. Your booking includes a \$100 on board credit per cabin.

Itinerary includes:

Sat - Depart Miami, FL
Sun - Fun Day at Sea
Mon - Grand Turk
Tue - La Romana, Dominican Republic
Wed - Curacao
Thu - Aruba
Fri - Fun Day at Sea
Sat - Fun Day at Sea
Sun - Arrive Miami, FL

Contact Beth Rice, our Cruise & Vacation Consultant at 801-414-9190 to reserve your cabin.

Future Trips and Car Shows for 2018

The following events have been firmed up and details will be released in the next issue of the Gazette and on the CCU Webpage. The dates may shift one or two dates as the organizers finish up their planning. There are more trips coming. Plan on a busy summer.

Route 66 - May 3rd thru 9th. Bernie Warburton is planning another fun trip to Kingman, AZ for the Route 66 Fun Run. He says it will be another new itinerary.

Wendover Car Show - June 15th thru 17th. Tony Rice is putting together a repeat trip to the Rainbow Casino for their Father's Day Car Show. We had a great time last year. This is a nice weekend trip.

Pleasant View Founders Day Car Show - June 23rd. Bob Clayton will be taking you up North for a small, but well attended car show on the grass.

Shriners Kruisers for Kids Charity Car Show - Aug 18th. Bob Clayton will be taking you to the Midvale City Park for this fun car show on the grass. The kids judge the cars.

IMSA Corvette Racing & Corral - Sep 5th thru 10th. Bob Tillotson will be taking us to Salinas, CA to the Laguna Seca Race Track to watch the Corvettes in action. We hope to make this an annual event for the club.

Past Events

Desert Star's Christmas Vacation – Friday, November 17th

The club started off its Christmas festivities with a performance of Desert Star's unique version of "Christmas Vacation". The Olio was a big favorite of the members, and a good time was had by all.

December Birthday Breakfast at Anna's – Saturday, December 10th

Whether you arrived at 8:00, or 9:00, this birthday breakfast was a lot of fun! The mood of said breakfast was captured in this photo of Gary Roseler. We had about 50 members (and one prospective member) attend, and there was a lot of happy chatter and laughter.

Corvette Club Christmas Party – Thursday, December 14th

We enjoyed each other's company and a great dinner together at the Timbermine Steakhouse in Ogden this year. Thanks to Nona Ellis for her efforts in putting together a great night. Thanks also to Kim Riley for putting together the dust cloths with the CCU logo on them.

Pop-Up Social at JCW's and Thanksgiving Point's Luminaria – Saturday, December 16th

We appreciate those who attended the Pop-up social on the 16th. We had dinner at JCW's, and then walked through the Luminaria display at Thanksgiving Point. We thought it was a great way to find more of the Christmas spirit.

Condolences

Just to let friends know of the passing of our dear friend Roger Hulse from Cancer. He was a trooper and fought this horrible disease for over twenty years. He was a Corvette "nut"!! Because of his persistence, he joined the Corvette Club of Utah over 30 years ago. He shared his enthusiasm with everyone he met including always being excited about the Corvettes being displayed in Salt Lakes Car Shows!! He was always on board for a road trip and shared his passion with two lovely ladies, Karen and now Chris (lucky guy)
We love you Roger and will miss you terribly by your family and friends!
We hope you can finally Rest in Peace.
