From The President

Well, some of us have had our Corvettes out for a test run already this year to participate in a funeral procession. The weather finally broke for a few days and we got some clear skies and sunshine in the midst of all this cold and ice. Winter's not over yet, but Punxsutawney Phil didn't see his shadow, so according to Phil "Spring is just around the corner". Route 66 is also just around the corner, so let's get shined up and ready to go. In the next few weeks we will have additional excursions and activities lined up for us. Watch the Web Site and the Vette Gazette for event updates.

We are always looking for new ideas for trips or other event, if you have something we haven't done before, or something we have done in the past that you liked and would like to do it again, please contact our Events Chair, Larry Ricketts with your suggestions.

If you have any comments or concerns I will be happy to discuss them with you.
Looking forward to a fun and enjoyable 2016.

Getting to Know the Members

Cliff and Pam Simpson

Corvette owners for several years including a 58, 65, 68, 94. Yes, I deeply regret selling these. Current Vette is a 2008 Black Z06. We are looking forward to joining the group.

Floyd and Beverly Chase

I have been married for 47 years in July, we have two boys 43 and 41. I retired from Intermountain Health Care after 42 years. I enjoy hunting, fly fishing, boating also love cruising and trap shooting. I have been interested in Corvettes since I saw my first one back in Rupert, Idaho in 1961. I said to myself that I'm going to have a Corvette one day and now I do.

Corvette Spy Car On Display

Naveed Jamali with his "Spy Corvette"

It's not unusual to see a Corvette in an action, suspense or spy movie... True Lies, 2 Fast 2 Furious, Fast Five, XXX, Con Air, Rush Hour, Along Came a Spider... the list goes on. But what about using a Corvette in a real-life spy operation? Such is the case for a 2006 Black Z06 that is now displayed in the National Corvette Museum's Skydome.

Owner Naveed Jamali (FBI code name Green Kryptonite) of New York City spent three years working as a double agent for the FBI against the GRU (Russian military intelligence) and his Corvette was one of his personal cars used in counter-intelligence operations. "Looking back,

one encounter with the Russians really stands out. They confused my Corvette with a Mustang,” Naveed chuckles. “I was really offended that they’d get the two confused and I’m sure they could hear the annoyance in my voice!”

His story is the subject of his book “How to Catch a Russian Spy” (available for purchase through the Corvette Store) and the rights for a movie were purchased by 20th Century Fox. You can check out an excerpt from the book on Jalopnik [here](#).

But how did the Corvette make its way to the Museum for display? Especially since Naveed had sold the car? “When I sold the car in 2009, I didn’t think twice about it,” he said. “When I wrote the book, one of the most common questions was, ‘Do you still have the Corvette?’ or ‘Can I get a photo with the Corvette?’ or ‘Can I ride in the Corvette?’ So I decided to seek it out.”

Naveed says it took awhile to track down his old car, and once he did, before he could buy it, it sold to someone else. He ended up finally purchasing the Corvette back in November, 2015 – just a month before it came to the Museum for display. Naveed laughs, “I’m the 2nd owner and the 6th owner of the car.”

The car arrived for display at the end of December and will be on the floor through June 1, 2016. “I’ve been a big fan of the Corvette Museum for a very long time, and I thought this was such a unique car, what better place to display it than where it was born?” Of course, encouragement from some folks at Jalopnik to reach out to us didn’t hurt, either!

Prior to owning the 2006 Z06 Naveed owned a C5 Z06 – a 2003 Quicksilver, which was the 50th Anniversary year for Corvette. That was the car he owned when he first visited the Museum for the C5 Bash – an event he’s hoping to attend April 28-30 to share the story behind the car and do a book signing. “I’m really hoping to attend the Bash and am working to clear my schedule to make that happen.”

Stay tuned to the Museum’s weekly “eNews” and our online event listing for Bash to see if you’ll get the chance to hear Naveed’s story in person! And if you get the chance to visit and see the car for yourself, use hashtag #RealSpyCar.

Corvette Racing Adds Briscoe, Pagenaud to Driver Lineup

Open-wheel standouts to drive Corvette C7.Rs at Daytona, Sebring

- Aussie Briscoe continues with Corvette Racing
- Frenchman Pagenaud to get first opportunity to drive Corvette C7.R
- Duo to join full-season roster of drivers at Roar Before the 24

DETROIT - Corvette Racing will head into the opening round of the IMSA TUDOR United SportsCar Championship with an impressive GTLM driver lineup for North America's premier endurance race. Ryan Briscoe returns to the Corvette Racing camp for the second straight year while Simon Pagenaud will make his debut with the team at Daytona International Speedway. Briscoe will share driving duties of the No. 3 Corvette C7.R with Jan Magnussen and Antonio Garcia, and Pagenaud will join Oliver Gavin and Tommy Milner in the No. 4 C7.R at the annual Roar Before the 24 starting Jan. 9th. The Roar serves as a three-day test ahead of the 53rd Rolex 24 At Daytona and the start of the TUDOR Championship. In addition, Briscoe and Pagenaud will join the Corvette C7.R team at Sebring.

"Corvette Racing's driver lineup for the Daytona and Sebring races represents a highly talented collection of drivers who are intensely focused on working together toward the common goal of winning," said Mark Kent, Director, Chevrolet Racing. "Both Ryan and Simon are world-class drivers who know the kind of preparation, patience and skill needed to succeed in the top levels of endurance sports-car racing."

Both Briscoe and Pagnaud are known for their successes in both open-wheel and sports car racing. Briscoe appeared in three events for Corvette Racing in 2014 - Daytona, Sebring and Petit Le Mans at Road Atlanta. The Aussie also made 18 stars in the Verizon INDYCAR Series with one top-five finish and 10 top-10s. He has seven IndyCar victories to his credit to go along with nine prototype wins in the American Le Mans Series.

Pagnaud also boasts a number of victories in both open-wheel and prototype competition. While competing in the IndyCar series, he won two races in 2013 and 2014, and finished third in the 2013 IndyCar championship.

Pagnaud signed with Team Penske and will drive a Chevrolet V6-powered IndyCar for the 2015 season. Previously, he spent four seasons in ALMS prototypes with nine victories as a factory driver.

The 2015 TUDOR United Sports Car Championship begins with the 53rd Rolex 24 at Daytona from Jan. 24-25 at Daytona International Speedway. Live timing and scoring from both the Roar Before the 24 and Rolex 24 at Daytona will be available at imsa.com.

RYAN BRISCOE, NO. 3 CORVETTE RACING CORVETTE C7.R

"It's such a massive honor to be a part of the Corvette Racing program. To come back this year and be a part of the team for the endurance events, I'm really excited. We're hoping the pace and everything is there that we need to have to win with one of the Corvettes. We really were strong last year and had a little bad luck. Everyone on the team is extremely hungry and I'm really looking forward to it."

"It was definitely a new experience for me last year to be racing in the GT class. I thought it went really well. The team brought me on and gave me all the tools I needed to get up to speed and feel comfortable with the racecar. I feel like it's a comfortable pairing with Antonio and Jan. I really felt like I got really good track time and could put down really good lap times to hold my own. Before you get into it, you really don't know how it's going to go. You just want to do your best."

SIMON PAGENAUD, NO. 4 CORVETTE RACING, CORVETTE C7.R

"Corvette is definitely an icon in American racing and as an American sports car. When I was racing with for another manufacturer, I always noticed the presence of the Corvette and Chevrolet fans. I've always said that Corvette Racing is a proper program - well put together with a very impressive presentation, great drivers and a fantastic team. The results speak for themselves. It's great to be part of it now. It is definitely a very different experience compared to prototypes but I have some good experience in GT cars. I look forward to now being part of the family by driving for Chevrolet and Corvette Racing. The Corvette C7.R is a beautiful piece of machinery with a lot of high-tech development. It's a great platform for the development of road cars and supercars."

"Thanks to Chevrolet for the opportunity, and of course thanks to Roger Penske and Tim Cindric in allowing me to be available. With this type of opportunity where you have the chance to go and run in a different category with a car and team that can win, it's exciting and gets you very motivated. I really want to win Daytona. If we can do that with Chevrolet and Corvette Racing, I'll be super excited and over the moon."

January Membership Meeting

On Wednesday, Jan 20th, we held the membership meeting and officer elections at Larry H Miller Chevrolet in Murray, UT. Dave Ohlson conducted the meeting. He covered upcoming events. He asked that if you have a problem within the club to contact him directly so he can resolve it. Larry Ricketts covered upcoming events to include the R.C. Willey Car Show, one of our major club fund raisers. During the month of June, we have an event every weekend. Bob Clayton talked about the upcoming trip to San Francisco which includes an overnight stop at Safari West. Details are on the CCU web page and in this issue of the Gazette. Bernie provided details on his 17th trip to the Route 66 Fun Run in Kingman, AZ. Details are also on the web page and in this issue of the Gazette. A full copy of the meeting minutes can be obtained from the Club Secretary.

Awards Banquet

On Saturday, Jan 23rd, we held the annual awards banquet at the Oakridge Country Club in Farmington, UT. The food and service was very good for those that missed it. Length of membership patches were handed out with Larry and Linda Elmer being the longest at 40 years as members of the club. Congratulations. For member of the year, Jo Clayton took the trophy home with Richard Statham as second and Lee & Nona Ellis as third. Following those awards, we recognized those members that had embarrassing moments during one of our events and were recognized (reported) by another club member.

All of last years officers were recognized for their service and Ron ended the banquet with his farewell message since him and Michelle have moved South to St George to get out of the cold weather.

Chase Eggleston Funeral Service

On Feb 6th, CCU was asked to escort the funeral procession for Chase Eggleston from the funeral to the cemetery. The family was pleasantly surprised by the number of Corvettes we had there and were very appreciative of doing this for them in their time of loss. It was an old fashioned procession with a police escort and the fire department blocking the cross roads. On the way home, we stopped in Brigham City for some Mexican food. Thanks everyone that showed up.

Valentine Day Dinner and Show

On Saturday, Feb 14, CCU members took their sweethearts to a dinner and show at the Desert Star Theater in Murray, UT. There was good sized crowd but the show, and especially the Dick Clark show following the theater show was very entertaining. They recognized our club and the Miata Club who were right in front of us. It was a night away with your sweetheart. Very enjoyable.

The Annual Historic Route 66 Fun Run® is the Historic Route 66 Association of Arizona's annual, and only, fundraising event providing needed funds to fulfill its mission to preserve, protect, and promote Arizona's stretch of Route 66. All the people who plan and work the event, including the judges, are volunteers giving their time to make the event and the Association successful, as well as ensure the participants and attendees have a great time.

The first Fun Run® made history with 152 entrants (which at the time seemed unbelievable), Rose Mofford, the Governor of Arizona, cut the ribbon, Will Rogers, Jr., was the first Grand Marshal, and the Delgadillo's Band headlined the event. The planning couldn't have been more perfect, except for the April showers, sleet, and SNOW!

More than a quarter of a century later, the Fun Run remains the Association's premiere fundraising event drawing Route 66 enthusiasts from around the world with just about any vehicle on wheels. Rain or shine this annual Fun Run from Seligman to Topock is held the first weekend of each May. To join the fun as a participant, spectator, or volunteer, contact the Historic Route 66 Association of Arizona at 928-753-5001, get detail on our website at azrt66.com, or stop into the Association's gift shop in the Kingman Powerhouse.
