## GETTING TO KNOW THE MEMBERS

### DIANE AND VAUGHN WILLIAMS

Diane Williams is the CFO and an owner of Companion Systems located in North Salt Lake, UT. They manufacture the surrounds, enclosures, signage, etc. for ATM machines. You can review their company at [www.companionsystems.com](http://www.companionsystems.com). She is married to Vaughn Williams. They have 5 children, 4 from his previous marriage and one from her marriage. They have his two youngest (17 yr - daughter, Ashley, and 14 yr - son, Ryan) her 17 yr. son, Jeremy living with them. Yes, they have a house full of teenagers which they say can be quite amusing at times.

They are a house on the go. Up until this year they had a boat and would take it out for water skiing and recreation during the spring/summer/fall months. When they were not out on the boat they would be camping or hiking in the mountains. They also have many pets. Currently in the house they have three cats and two dogs (both labs).

Despite all of these other distractions - cars have always been their passion, especially the Corvette. The hardest decision in getting a Corvette was: do we get the Z06 or the Coupe? They decided for the first Corvette, the power in the standard Coupe would be sufficient. Other vehicles in the family are a Toyota Avalon, a Ford F350, a Harley Sportster, and three off-road dirt bikes. Her son, Jeremy, currently drives a Buick Century and is begging and salivating for a turn in the Corvette.

They are looking towards the future. The kids will soon be out of the house and they are of the age that they can leave them home for short trips out of town without too much trouble. They look forward to cruising around the country in the Corvette. One of her personal dreams is to drive most if not all of Route 66.

### **DAVE AND JEANE TAYLOR**

Dave was the Director of Product Development for the Defense Logistics Agency in Ogden. He developed and fielded logistics management computer software for the Defense Department. He has retired from both DLA and as a Chief Master Sergeant from the Air Force Reserve. His last assignment was as Services Manager for the Tactical Air Command at Nellis Air Force Base.

His wife, Jeane, was the secretary for the Weber Training Center for the Handicapped. She truly loves working with the children there.

They are in their 60s and have been married forever (almost 45 years). They have two boys, one lives in Eagle, Idaho with his wife and children, and the other is deceased. Their youngest died at the early age of eight in an accident. They have lived in the Ogden area our whole lives.

Dave enjoys studying and collecting military weapons, shooting, amateur photography, hunting, hiking, motorcycling, camping, fishing, wildlife watching, traveling, and messing with anything that has an engine. Jeane loves the travel stuff too, but, she is a world class gardener and bird watcher.

Dave has loved Corvette's since his teens. His first was a 1961 white roadster with a red interior which he bought used in 1962. He only had it for two years. He then owned a used 1969 T-top. His present Corvette is a 1973 roadster, silver with black, 454, 4-Spd. he bought it in Hollywood in 2001 from a TV star from the past, "The A Team". He thinks it was in at least one episode.

### **ED AND SUSAN YOSHINAGA**

Ed is 59 years old and has lived in Salt Lake City since 1965. He has been married to his wife Susan since 1975. They have two boys Troy 37 and Sean 35 who both live in California. His hobbies are golf, cars, camping and fishing.

One of his first cars was a 1965 GTO. His passion for muscle cars has never died since that first GTO. His wife has a 2006 VW Jetta 2.0 Turbo and they also have a 2007 Chevy Silverado 2500 Turbo Diesel.

Ed is currently the owner of an engineering consulting company, Comlink Land Services, LLC. They do engineering for T-Mobile cellular site and engineering for new power substations, high voltage transmission and distribution lines, also electrical systems maps. His clients include Lehi Power, Heber Light & Power, Payson Power, Salem City Power, Springville City Power and South Utah Valley Electric Service District to name a few.

Ed has always wanted a Corvette and can finally afford and customize the car he has always wanted.

### **RUTH AND RICHARD PAPE**

Richard and Ruth have been married 37 plus years. They have three children and fifteen grandchildren scattered between Phoenix, Arizona and Portland, Oregon. They moved to Logan in 2005 from Phoenix, Arizona. He worked as a mineral exploration geologist for thirty-six years. His job allowed them to see many parts of the USA, Chile and Peru; as they moved 30 times in their married life. Ruth has held many positions over the years ranging from dental assistant, hotel concierge and actress.

Richard took an early retirement from BHP Billiton in 2005. They are now in the stage of deciding what the next adventure/career should be. They have always been interested in automobiles and have owned many different types over the past thirty-some years. Currently they own a 2006 Chrysler SRT, a 2006 Ram 2500 diesel and two corvettes.

Their interest in Corvettes began in 2004 with the purchase of a used 2000 coupe. They then traded it for a new 2005 coupe which they subsequently traded. They now own a restored 1966 427 (L-72) coupe and a 2007 triple black convertible.

Their only hobby is showing the 1966 Corvette and working on their home in Logan. They are in the process of designing and building a separate garage to house the Corvettes. Their other hobby is taking care of our three puppies, an eight year-old Shih Tzu, a Pomeranian ( 8 months old) and a Golden Retriever ( 3 years old).

### **GUY AND JOYCE HALL**

Guy and Joyce have lived in N. Utah most of their lives. They both graduated from Weber High school, Joyce in 1966 and Guy in 1973. They have one son two daughters, and one grandson.

Joyce has worked for the I.R.S. in Ogden for over 21 years and is an accounting tech. Guy started working for Parker Aerospace in North Ogden as a machined parts Inspector in 1986, changed professions to machinist in 1995 & is now a sr. machinist in the Manifold department. At Parker they build flight control systems for most all commercial airplanes.

Guy has always been a car guy, with a desire to own a Corvette. He bought his 1997 coupe in the spring of 2001 and has loved it ever since. They also own a 2004 Pontiac GTP (Joyce's car) and a 1986 Chevy S10 pickup.

Joyce is an avid shopper and likes to spend time with her daughter in Wendover and Las Vegas. Guy likes fishing and the outdoors and driving the Corvette.

A little info about his car, he has installed a K&N cold air kit, Borla cat back exhaust, gripforce D/S brake rotors and GM ceramic pads, and after market chrome C6 Z06 wheels. Two years ago he had Shane Stegen (of Ogden) spray on some custom paint that turned out just awesome.

## **PHIL AND KATHY ROCCO**

Phil and Kathy have two Corvettes. Baby #1 is a 1988 coupe, champagne exterior, black interior. Real Pretty! Baby #2 is a 1991 convert, teal exterior, tan interior, black top/trim. Sweet!

Phil is retired from Subaru of America and Kathy is a retired corporate Secretary. Phil & Kathy are originally from Oakland, California. Their parents still live in the Bay Area. Phil's dad lives in Woodland, California near Davis/Sacramento. Kathy's parents live in Oakland.

They have 7 children, 17 grandchildren, and 1 great all living in/near the great Salt Lake Valley or in/near the Bay Area in California. They have lived in the Salt Lake Area for about 20 years. They are dog lovers with "Kisha" a large white Shepard/Malamute mix with pretty blue eyes. Both Phil & Kathy currently work at Air Center of Salt Lake in West Jordan, Utah. Phil built the Air Center's Parts Department and is the Senior Parts Manager. Kathy is an Executive Secretary focusing on Advertising/Marketing and Health/Safety.

They like flying their 1946 Navion (Phil is a private pilot), traveling anywhere anytime (especially Mexico/Hawaii), cruising anywhere, going to the movies, eBay looking/shopping, fine dining, enjoying the kids/grandkids, visiting with friends, antiques, fine art, music, dancing, and having fun!

They purchased their first Vette a year ago from California. Their daughter-in-laws mother was the second owner and she was selling it with about 118,000 California miles on it. They went over to take a look and bought it on the spot. They drove it home from California and loved every minute of it. They just purchased their second vette. It was shipped to them from the Pokono's in New York. It only has 75,000 miles on it. They love the teal body with black trim. They love driving this one, too. They also own a 1966 Ford Mustang, tahoe turquoise, with 66,000 original miles on it. They only drive this one once or twice a year. Last time they had it out it won a "best in class" trophy at a local car show.

## **JOHN AND SUSAN WASHBURN**

John and Susan live in Centerville Utah and enjoy living there. They drive a bronze 1985 Chevrolet Corvette. It is a fun coupe to rumble around the town and to drive to work. John works at Maden Technologies in the Southern Ogden area. A few of his cronies at work influenced him to test drive a Corvette when he was looking to buy a sports car. One test drive was all it took. The Corvette is the funnest car he has ever driven (while in Germany with they owned a BMW 735i which was "The Ultimate Driving Machine" and that's true -- a fantastic car; and yet, the Corvette is The Supreme Ultimate Driving Machine.

Susan and John have five children and two are still at home ages 11 and 16. They grow up very fast and they love them all. The best thing Susan likes about the Corvette is going out on dates. It's fun. Their other automobile is a Chevrolet Astro Van and is great for pulling their 1997 17-foot runabout boat. They enjoy camping, skiing, hiking, boating, waterskiing, jogging, swimming, and photography. Life is good. The Good Lord has certainly blessed them greatly.

## **DAN LARSEN AND CATHERINE WHEELER**

Dan is a partner with the law firm of Snell & Wilmer, a 450 attorney firm with offices in 5 western states. He primarily represents automotive manufacturers in products liability litigation including Ford, GM and Harley Davidson. Before private practice, he was an Assistant Utah Attorney General for over 16 years (which is where he met Ron Probert, my sponsor). His spouse, Catherine Wheeler, is a physician at St. Marks Hospital where she has practiced obstetrics and gynecology for 14 years.

They have 4 children, 2 boys and 2 girls, ages 13 to 21. His wife has always wanted a red corvette. So last spring, they traded in our old family suburban and purchased their 2006 Corvette (red). It doesn't tow like the old Chevy, but it gets there faster and in style.

For those that participated, there were large crowds to look at those beautiful Corvettes. For those of us that went to see the show, you could tell how well it was attended by how hard it was to find a parking place. As always, we had our CCU Corvette Corral. Thanks to all those who participated.

## MARCH MEMBERSHIP MEETING

The March Membership Meeting was held on March 22<sup>nd</sup> at the Weber County Library in Roy, Utah. John Hawkins opened the meeting by announcing there would be no sales presentations at our club meetings except by our sponsor. He also announced the dues would remain at \$40 per year, but the new member dues would increase to \$65 to capture the cost of club name badges and decal. This increase was approved by a unanimous vote by the membership present.

Mike Barker introduced new members Dave & Jean Taylor and Vaughn and Diane Williams. He announced we had 7 new members month to date. He also announced that he had more recruiting cards and the membership renewal sticker for 2007 would be mailed with the May/June Gazette. Finally, contact Mike Barker if you lost your name badge and need a replacement.

Paul Cox announced that the lights have been installed on the CCU trailer and cargo tie downs were added to prevent the tables and chairs from shifting in the trailer. The April Birthday Cruise will be a combination Poker Run and Historic Site cruise ending at Rib City for lunch.

Special Events announced we would meet as a club a cruise to the Mountain States Street News Picnic in June. Also, the Touacan Theater Cruise was firmed up for 29-30 Sept and we would probably stay at the Fairfield in St George. The Utah Highway Patrol will make a presentation on safe caravanning during our April Membership Meeting in preparation for our summer cruises.

Rocky Mountain Raceway will be hosting bracket racing for car clubs on Thursday Nights during the summer. It will be open to different classes of drivers. The Route 66 Cruise will depart from the Layton Hills Mall Flagpole at 8:15AM and meeting the south members at the Cal Ranch exit (276) in American Forks at 9:00AM. The Special Olympics in May will be in the south sales lot at Larry Miller Chevrolet. The Crusin the Sawtooths in June will meet the north members at the Flying J in Perry instead of the Flying J on 21<sup>st</sup> Street in Ogden.
