From The President

It looks like winter may finally be coming to an end. I think I'm ready for a warm weather vacation. By the time this issue of The Vette' Gazette reaches you, some of the members will be in Arizona enjoying some, hopefully, warm weather and sunshine on the annual Route 66 outing. We wish them a good time and safe driving. Thank you, Bernie, for once again putting this trip together. Following closely on the heels of Route 66 is Bob Clayton's run to the San Francisco Bay Area to see the animal at Safari West, San Francisco, Alcatraz, Monterey, and several other sites.

In June, please remember the R.C. Willey car show in Riverdale on June 4th. The club is being paid for participating in this and the proceeds will go to our 2016 charity. Also in June, Alex Johnson is hosting a cruise and BBQ at his house on June 11th, be sure to register for this event if you are planning to attend. There will be a registration on the web shortly if it isn't there already. Also on June 25 is the annual Burwell Porterville Car Rally Watch the Web for more information and meeting place. And last but not least is the Annual Tooele Corvette Show on June 29th, see the web for further details.

I want to take this opportunity to wish a Happy Mother's Day to all those Moms out there on May 12th, and a happy Father's Day to all those Dads on June 19th.

So, have fun out there this summer, and let's be safe, and drive safe.

Any comments or concerns I will be happy to discuss them with you.

Getting to Know the Members

Jerry and Darinda Ropelato

We love hopping in the vette, turning on the 70's music, and just enjoying the ride. Lived in Utah our entire lives with our 4 kids/14 grandkids. Darinda's background is medical, Jerry's is technology. Bought our first Corvette 25 years ago and have been tinkering on it ever since-it will never be finished. We just loved the new Z06 and took the plunge – the performance is just incredible. Stopping at the gas station is always a 20 minute treat answering questions. Excited to go on some road trips.

Daniel and Shaman Robins

Daniel Robbins born in Douglas County Oregon. Enlisted in the Air Force and was stationed at Fairchild AFB in Spokane, Washington. TDY assignments included England, UK, and Germany. Went to College at North Park College in Chicago, Illinois, Boise State University in Boise, Idaho, and the University of Utah. I have degree in Economics with a minor in Finance. I have traveled to or through 46 states and 7 countries. I moved to Salt Lake City from Boise, Idaho in 1989 for business reasons. I am married to a beautiful woman named Shaman and she is also my best friend. I have 7 children ages ranging from 32 to 14 and still have 3 living at home. I bought my 2007 Corvette in October with 28k miles on it. It is black on black with a Z06 front bumper on a base coupe with an LS1 engine. The rest is stock. I owned a computer company called Don't Panic! Computers for 25 years now and consider myself "mostly" retired.

Reed and Lori Price

I was bit by the Corvette bug in my early teens and vowed I would own one. I am not on my third one. First: 1980, second 1999 and now a 2013 GS 60 year anniversary edition.

Steve and Terri Ballard

My wife and I moved to Utah from Chicago almost ten years ago now. Terri and I both worked in the IndyCar series in the 80's and 90's me as a CART official and my wife worked for Dale Coye racing doing timing and scoring. We had our 1st Corvette for 15 years a silver 2001 Z-06. We recently bought a new 2016 Stingray. Were fans of IMSA, IndyCar and F-1.

Museum to Manage General Motors Bowling Green Corvette Assembly Tours

The National Corvette Museum, a 501 (c)(3) educational nonprofit, has assumed the responsibility of managing public tours of the General Motors Bowling Green Corvette Assembly Plant and the transition will take place over the next few weeks.

As part of the change, tours will be available every 15 minutes beginning at 8:30am CT with the last tour departing at 1:45pm CT.

Ticket prices have changed

to \$10 for adults and \$5 for youth age 10-16. A discounted combo ticket can be purchased for the Plant and Museum for only \$16 (a savings of \$4).

Tickets for plant tours can be purchased online at www.corvetteplanttours.com or on-site at the Museum or Plant. Discounted combo tickets can also be purchased online or at either location. Online tickets must be purchased at least 24-hours in advance of your tour time. Tour tickets are limited, and reservations are highly recommended. Visitors are encouraged to check in advance for any closures.

Plant tours are available weekdays and typically last one hour. The walking tour is one-mile and no cell phones, cameras, crutches, purses, backpacks or electronic devices are allowed. Closed toe and closed heel shoes are required. Wheelchairs are available at no cost but are first come, first serve.

“We are in the business to build cars,” said GM Bowling Green Assembly Plant Manager Kai Spande. “The National Corvette Museum is in the hospitality and tourism

business and currently lead a number of tour programs in the plant, including R8C Museum Delivery, Experience, VIP Tours, Photo Albums and Buyers' Tours. It was only fitting to add the public tour program to their list of offerings."

The GM Plant will continue providing various internship opportunities to the students at Western Kentucky University. Due to this reorganization, interns, such as those from WKU, will focus the entirety of their internship on assignments tailored to their degrees, thus garnering more pertinent and real world experience in the manufacturing setting. For a list of plant closings and blackout dates visit www.corvetteplanttours.com.

Corvette Racing at Sebring: Second Straight Win for Corvette C7.R to Start 2016

SEBRING, Fla. (March 19, 2016) – Corvette Racing's Triple Crown streak continued Saturday with a 10th class victory in the Mobil 1 Twelve Hours of Sebring Fueled by Fresh from Florida. Oliver Gavin, Tommy Milner and Marcel Fässler in the No. 4 Chevrolet Corvette C7.R won their second straight race to open the International Motor Sports Association (IMSA) season to go along with a victory in the Rolex 24 At Daytona.

It is the second straight victory at Sebring for Corvette Racing and the third in four years. Milner drove the final two hours and 50 minutes to win by 2.882 seconds. The team has won the last five of the world's top endurance races – Daytona and Sebring in 2015 and 2016, plus the 24 Hours of Le Mans in 2015.

"Great driving, teamwork and execution in the pits were keys to today's GTLM class victory for the No. 4 Corvette C7.R team in the 12 Hours of Sebring," said Jim Campbell, Chevrolet U.S. Vice President, Performance Vehicles and Motorsports. "To come from two laps down and win in a field as competitive as the IMSA GTLM class is a true reflection of the never-give-up attitude of the Corvette Racing team.

Campbell added, "This win is special because it Corvette Racing's second consecutive win at Sebring and follows win at the Rolex 24 Hours at Daytona. The IMSA season is off to an exciting start."

Milner drove the first two hours, 50 minutes in Corvette Racing's No. 4 Chevrolet Corvette C7.R and was third at the time of a red flag for lightning and track conditions. Milner had led the GT Le Mans (GTLM) class midway through the opening quarter thanks to a strong first pit stop by the Corvette Racing crew and being able to take on wet tires 90 minutes into the race just before the pit entry closed due to a crash on track.

Fässler got in the No. 4 Corvette not long after the two-hour, 15-minute stoppage and drove in some of the most challenging conditions. He switched from slick to wet and back to slick Michelin tires during his stint as the track surface and weather changed throughout with his pace improving as his stint wore on. Gavin then took over on a dry track with less than five hours to go. He drove two-plus hours and got the Corvette back on the GTLM lead lap before Milner drove to the end.

The No. 3 Corvette C7.R of Antonio Garcia, Jan Magnussen and Mike Rockenfeller also was a contender for a repeat victory at Sebring before the car suffered heavy damage when another GTLM competitor hit Magnussen at the entry to Turn One, which sent both cars hard into the outside tire barrier. Magnussen, part of the GTLM-winning effort with Garcia a year ago, had just taken the lead in class with less than a little less than five hours remaining in the race.

Magnussen was evaluated and released from the Sebring infield care center, but the car suffered significant damage to the driver's side and rear internal components. The No. 3 Corvette Racing crew worked feverishly to repair the car, and it returned to the race less than 45 minutes after it arrived in the team's paddock.

Despite the setback, the No. 3 Corvette completed enough laps for ninth-place points.

March Birthday Breakfast

On Saturday, March 12th we met at the Village Inn in Ogden, UT for the March Birthday Breakfast. The place was seriously understaffed but the waitress assigned did her best to serve us. The longer than normal wait times allowed us to converse with each other a little longer than we normally do. We had a good showing and exceeded the capacity of the reserved room and spread out into the main part of the restaurant. It was a good day to drive Corvette's and everyone brought theirs filling the parking lot with Corvette's.

The names of members with birthdays in March were read and recognized.

Mike Corgiat Funeral

On Thursday, March 10th, Mike Corgiat, The Club Historian passed away. His viewing and funeral were on Wednesday, March 16th. We appreciate all of the members who came to his viewing and funeral to pay their respects to Mike and condolences to Judy. We had a great showing of Corvettes for the funeral and were able to take Mike on his last Corvette Cruise to the cemetery in West Point. There is a trip planned to Goblin Valley in September. That is a trip that Mike tried to put together for the club for several years. I helped my organize it back in January and he a specific route he wanted to take down and back. we will be following those wishes as we go on the cruise in September.
