Here we are presenting our \$5,000 check to The Utah Food Bank – September 24th.
A proud moment indeed!

From the President

Dear Members,

As our summer winds down, I look back at a very fun and successful summer. We had trips, parades, car shows and fun birthday events. We had great dinners with our meetings. We had many new members join us. It truly has been a great summer!

I want to thank those that attended the Utah Food Bank check presentation. We had 18 cars and a lot of people. What a great opportunity it is to support such a worthy cause. I encourage each of you to attend at least one of the food distributions. I am sure that you will come away grateful for what you have and proud of what we have accomplished. Please bring your Corvette if weather permits,

I want to thank everyone that contributed in any way. Many of you contributed money and time to help us reach our goal of \$5000.00. I couldn't be more proud of our club and our members.

We still have a lot of activities to look forward to in the coming weeks. We have more trips, more birthday celebrations, and the Halloween party. We have great things planned for the holidays as well. We look forward to seeing everyone there!

As October approaches, please be thinking about serving as an officer for the coming year. We will need several new officers. This is your chance to help shape the future of the Corvette Club of Utah!

Thanks for a great summer,

John Forbes

President

The 'Most American' Car You Can Buy

Corvette has long had the nickname 'America's Sports Car' and according to the annual Kogod Made in America Auto Index, it is also the 'Most American' made vehicle. With a top score of 83.5 points, Corvette earned bragging rights by racking up the points within seven criteria including profit margin; labor; research and development; inventory, capital and other expenses; engine; transmission; and body, chassis and electrical components.

Students are separated into groups based on road course driving experience, with most being assigned experienced driving instructors to help teach and enhance driving skill and enjoyment. You get to drive your car as fast as you can in a controlled, safe atmosphere! Along with the on-track instruction, our program offers second to none classroom sessions to fine-tune the technique and theory of high performance driving.

2019 National Corvette Caravan

Don Herzer, Publications Director for the Western States Corvette Council (WSCC) who served as Captain of the NorCal section of the 2014 Caravan, has been asked to to be our Captain for 2019.

He has elected to give our section a nickname – Pacific Central Corvette Caravan – which is easily further shortened to Pacific Central and PCCC. This is much less cumbersome than listing the whole three states. Also, if it is shortened to NorCal (as done in 2014), then N. Nevada and Utah feel left out.

He will be working on blocking sets of rooms at hotels along the route, but don't expect registration to be available until approximately fall of 2018.

He will be compiling all this and much more into a Route Book that will be available to registered

participants Spring 2019.

You can help promote the Caravan by decorating your car with a window sticker, flag(s), and/or a rear window "Follow Me To Bowling Green" decal – all available from Don. Contact Don for pricing/availability.

If you would like to volunteer to help him in this venture, he would welcome that. He will also be looking for sponsors to help defray some of the costs.

What can you expect from the 2019 National Corvette Caravan:

Registration for the caravan will occur on-line at the National Corvette Museum (NCM) website. If you are not a member of NCM, you will have to join NCM as part of the registration process. We will send out a notice when it's time to register.

Go to the Corvette Caravan Facebook page and join the group. This is how you will receive information regarding the caravan from NCM and our Captain.

Sign-up for a Corvette Factory Tour on the Thursday or Friday of the week that we will be at the NCM. This is one of the highlights during the caravan. These go fast so sign-up early. The NCM website has a link to the factory tour reservations page.

Bob Clayton and Bob Tillotson will be the CCU Co-Captains for the CCU portion of the caravan. They will share the planning and and take turns leading CCU to and from the NCM.

Just a quick note from Don on Aug 3rd to let you know that he hasn't forgotten about you hanging out there.

“Exciting news! - Pacific Central currently has 78 interested parties. He thinks that we're going to be considerably larger than 2014 and will easily be leaving CA with 100 or more Corvettes, and gathering more along the way.

He hopes to be able to open up hotel booking shortly, which you should be able to do with one phone call/email.

Since we will be hitting the road relatively early on Aug. 22 - 9:30 am at latest, he would like to get a feel if he should set up some rooms in the Fairfield area the night before. If enough people are interested, we could even have a

pre-launch dinner/party/reception.

Thanks for your interest in this exciting event.”

You can also choose to start with the caravan in Fairfield, CA if you want to do US-50 across California and Nevada. Bob Clayton is traveling to California to attend the pre-launch festivities in Fairfield and anyone that would like to join him are more than welcome. Just send him an email so he can forward travel information on the California portion of the caravan.

At the Museum

Thursday, Aug 29th thru Saturday Aug 31st - While at the NCM, we will be staying in Bowling Green. At the present time, all of the hotels that allow blocking of rooms are blocked out. Reservations will open up 52 weeks prior

We expect to release lodging information for Bowling Green in early September. Once you get your notification, immediately make your Bowling Green Reservation since they will book out quickly. We will provide the return trip reservations about the same time. Just remember that it's easier to cancel a reservation than get a reservation at a later date when rooms are not available.

CORVETTE RACING AT ROAD AMERICA: Another Double Podium for Corvette C7.Rs

Milner, Gavin place second in GTLM; Garcia, Magnussen finish third in tight championship

ELKHART LAKE, Wisconsin (August 5, 2018) – Corvette Racing’s pair of Chevrolet Corvette C7.Rs raced their way to the GT Le Mans (GTLM) podium Sunday at Road America in the IMSA WeatherTech SportsCar Championship. With second- and third-place finishes in the Continental Tire Road Race Showcase, both teams solidified their championship standings **heading into the final three events of the season.**

Oliver Gavin and Tommy Milner finished second in the No. 4 Mobil 1/SiriusXM Chevrolet Corvette C7.R on Sunday, their highest finish since winning at Long Beach earlier this season. Antonio Garcia and Jan Magnussen placed third in the No. 3 Sirius/XM Corvette for their fifth straight podium finish in IMSA competition.

Garcia and Magnussen remain second in GTLM Driver’s points after Sunday and just four points out of first place. The result for the No. 4 Corvette elevated Gavin and Milner one position to fourth and 10 points behind their teammates.

Chevrolet also remained second in GTLM Manufacturer’s points.

Sunday’s race featured a number of different strategies until the final restart with 40 minutes to go following the race’s fifth and final caution. Both Corvettes gained a spot in their opening stints to second and fourth, respectively, before fuel and tire strategies came into play.

Teams elected to make anywhere from two to four pit stops in the two-hour, 40-minute race with the Corvette Racing team electing to split their strategies. Garcia drove the first 38 minutes in the No. 3 Corvette before handing off to Magnussen. The Dane entered the race sixth but gained a couple of positions before Garcia re-entered the race with 80 minutes left.

Meanwhile, Gavin drove the same opening stint as Garcia and handed off to Milner, who made just one more stop with 63 minutes to go as the No. 4 team chose to gamble on having enough fuel to make it to the end.

Garcia came in for fuel and fresh Michelin tires a minute later, just as the race's fourth full-course yellow came out. He came in again to top off on fuel with 55 minutes to go. When the race began again, Milner ran fourth and Garcia seventh.

Milner moved up another position to third with 44 minutes left, and Garcia began marching his way forward to fourth inside the final 30 minutes. The Corvette Racing engineers huddled in the pit lane and decided to let Garcia take a run at the then-second place No. 67 entry in the final 15 minutes to see if he could gain another position, but the clock and opportunities ran out. Milner went back around Garcia on the last lap to solidify the final order.

After breakfast we will stop at the Strawberry Reservoir Visitor Center to see the running of the Kokanee salmon up the Strawberry River.

Our route will continue to Duchesne and then Highway 35 through Tabionna, Hanna and along the southern slope of the Uintah Mountains returning us to Francis and Kamas.

Getting to breakfast at the Lodge Pole Grill and will require some coordination with all members from the North to the South. Details are as follows:

North members from Farmington north are to meet at the Maverick Gas Station just off of Highway 89 at the mouth of Weber Canyon at 7:30 am departing at 7:45 am. North members will travel I-84 to I-80 and then Highway 189/40 to Heber City.

Central Members from Draper to Centerville will meet at the Walmart Parking Lot, 2705 E Parley's Way, Salt Lake City at 8:00 am departing at 8:15 am. Central members will travel I-80 up Parley's Canyon to Highway 189/40 Junction hopefully meeting up with north members to travel Highway 189/40 to Heber. South members south of Draper will meet at the Harmons Parking lot at 800 N 800 E in Orem at 8:00 am departing at 8:15 am. South members will travel Highway 189 through Provo Canyon to Heber.

All members will rendezvous at the Wal-Mart parking lot where Highway 189 and Highway 40 'Y' at the south end of Heber. We should all be rendezvousing about 8:45 am departing at 9:00 am for Daniels Summit.

It should be a nice drive and maybe the beginning of some autumn colors. Be sure to check the web site for more information and maps on where to meet and for our route.

CCU Membership Meeting – Wednesday, September 19th

Salt Lake City and County Building, 400 South State Street. On Wednesday, Sept 19, our regular meeting will be held at the Salt Lake City & County Building. We will enter at 400 South and 200 East. We will start arriving at 5:30 pm. Bring any food and drink with you. Also bring your folding chairs. Salt Lake City Fire Dept will be there with an engine. We have also requested police participation.

This beautiful Romanesque building was completed in 1894 and has served the public since. It contains over 170,000 sq ft of space. A few years ago, a complete overhaul was completed. In meeting with the Utah Heritage Foundation, we were offered guided tours at \$10 each but with further negotiations, we got a reduction to \$5 each. We will have a short meeting

before the tours start. Check the Corvette Club of Utah website for the latest information.

Autumn Color Overnight Cruise – August 22nd - August 23rd

After checking out the proposed route, a decision was made to change the route due to road construction and two hours of 35 mph roads through Gooseberry Canyon.

We will start off Saturday morning at Thanksgiving Point parking lot near the water tank. We will meet at 8:45 am departing at 9:00 am. North members will meet in the Harmons Parking lot at Farmington Station at 7:45 am departing at 8:00 am for Thanksgiving Point.

Our route will take us down I-15 to Cove Fort / I-70 interchange with the traditional stop at Scipio for potty breaks, snacks and drinks. Once on I-70 we will depart it as fast as we got on it. We will take the Clear Creek Canyon road to the Fremont Indian State Park and Museum.

After visiting the museum we will head for Highway 89 and south to the Big Rock Candy Mountain Resort for lunch.

Following lunch we will be headed for Panguitch, Red Canyon and then to Kodachrome Basin for photo and video opportunities.

We will then continue to Escalante where we will check into the Canyon Country Hotel, freshen up and then go to dinner at the Hell's Backbone Grill in Boulder. This will give us an opportunity to hopefully get some nice evening photos and videos on Highway 12 over the Hogs Back on the way to Boulder. After dinner we will return to Escalante for the night.

We will meet at Thanksgiving Point at 9:00 am. North members will meet at the Harmons parking lot at Farming Station at 8:00 am departing at 8:15 for Thanksgiving Point. After the Loop, we will head for lunch in Nephi. At this time the plan is to have lunch in Nephi. Still working out the details.

After lunch, for those who want to return home, you can make a quick run back up I-15 to home. For those who want to continue the adventure, I need your help. Back in May we made a Sunday Run to the West Desert where we found this cool silo off the side of the road. We parked our cars and I got out the drone to shoot some video. Well, the drone never recorded one second of video. I want to recreate that day so I can have some video for the year-end presentation I do for the Awards Banquet.

For those wanting to continue the adventure, we will leave Nephi and head west to Jericho and then north to the silo. This time I will make sure I have video before we leave.

For those who live in Salt Lake or Utah Valley, you can head back over Eureka Pass and home. For those of us in the north we will travel the desert north to Tooele and home.

Check out the webpage for up-to-date information.
