## From the President

Dear Club Members,

I want to begin by sincerely thanking all of our members for their help in reaching our goal of \$5000.00 for our charity. If you contributed money or time at car shows or parades I want to thank you. Each of us as Corvette Club of Utah members should be very proud of our accomplishment! Adopting an Elementary School will make a profound difference in the lives of these kids. I look forward to the opportunity to go to our school and hand out food.

As club president for 2018 I wanted to find ways to give back to our communities. I want to change our image of being a club of arrogant snobs. We all know that that is not who we are. I want others to also know that.

We have a lot going on this summer. Lots of trips and Sunday drives. Please take time to participate in as many activities as possible. The drives and activities are how we get to know each other better.

We have done very well at recruiting this year. Keep up the good work. It is fun to see and meet new members. As we get new members please make them feel welcome. It is a bit intimidating for new members. Sit with them, get to know them, and introduce yourself. As always, please wear your name tag.

As I finish the first half of the year as club president I want to thank those that I work with. I am always amazed at the hard work that is done by each officer. I appreciate their help. Please take a moment to thank them for their efforts.

Let's have a fun and safe summer.

Disability Does Not Equal Inability

Last month the Museum and Motorsports Park hosted Travis Freeman of [The Freeman Foundation](#). Travis was the guest speaker at the Bowling Green Area Prayer Breakfast (held at the Museum), sharing his message that 'disability does not equal inability' to the attendees. His story was the basis of the movie 23 Blast.

Afterwards, Travis (who is blind) got to take a hot lap ride on the road course with Track General Manager Mitch Wright and drove a Corvette in the paddock.

# 2019 National Corvette Caravan

**The 6th National Corvette Caravan is slated for August 22-31, 2019.**

Often referred to as the world's largest moving automotive event, the National Corvette Caravan is a celebration of America's Sports Car, culminating in Bowling Green, Kentucky for the anniversary celebration of the National Corvette Museum. Hosted only once every five years, the next event is slated for Labor Day Weekend 2019 and will mark the Museum's 25th Anniversary.

**Don Herzer**  
**Pacific Central Captain**  
**25th Anniversary**  
**NATIONAL CORVETTE CARAVAN**

**Info: <http://www.corvettecaravan.com>**

[corvdon@wsccpubs.net](mailto:corvdon@wsccpubs.net)  
(209) 586-3079  
PO Box 243  
Long Barn, CA 95335

Don Herzer, Publications Director for the Western States Corvette Council (WSCC) who served as Captain of the NorCal section of the 2014 Caravan, has been asked to to be our Captain for 2019.

He has elected to give our section a nickname – Pacific Central Corvette Caravan – which is easily further shortened to Pacific Central and PCCC. This is much less cumbersome than listing the whole three states. Also, if it is shortened to NorCal (as done in 2014), then N. Nevada and Utah feel left out.

He will be working on blocking sets of rooms at hotels along the route, but don't expect registration to be available until approximately fall of 2018.

He will be compiling all this and much more into a Route Book that will be available to registered participants Spring 2019.

You can help promote the Caravan by decorating your car with a window sticker, flag(s), and/or a rear window "Follow Me To Bowling Green" decal – all available from Don. Contact Don for pricing/availability.

If you would like to volunteer to help him in this venture, he would welcome that. He will also be looking for sponsors to help defray some of the costs.

What can you expect from the 2019 National Corvette Caravan:

Registration for the caravan will occur on-line at the National Corvette Museum (NCM) website. If you are not a member of NCM, you will have to join NCM as part of the registration process. We will send out a notice when it's time to register.

Go to the Corvette Caravan Facebook page and join the group. This is how you will receive information regarding the caravan from NCM and our Captain.

Sign-up for a Corvette Factory Tour on the Thursday or Friday of the week that we will be at the NCM. This is one of the highlights during the caravan. These go fast so sign-up early. The NCM website has a link to the factory tour reservations page.

Bob Clayton and Bob Tillotson will be the CCU Co-Captains for the CCU portion of the caravan. They will share the planning and take turns leading CCU to and from the NCM.

Aug. 28 - 31 Activities at NCM / Bowling Green Area Optional seminars, road trips Possible Corvette Factory Tours

If you are serious about going on this section of the Caravan, please send Don an email so he can keep you informed about lodging and optional activities that he may set up.

About a year out, a list of hotels will be released. CCU will be using these hotels for the trip to the museum. You can also choose to start with the caravan in California if you want to do US-50 across

California and Nevada.

At the Museum

Thursday, Aug 29th thru Saturday Aug 31st - While at the NCM, we will be staying in Bowling Green. At the present time, all of the hotels that allow blocking of rooms are blocked out. Reservations will open up 52 weeks prior to our stay. We will provide a list of hotels within a one block area at that time. The primary hotel will be a Best Western.

CCU Caravan Return Route

The return route will be Route 66 from Chicago to Santa Monica. A list of hotels will be released about a year out. We are still ironing out the details, but here is a rough outline.

Sunday, Sep 1st - (CCU- Bob T) Chicago and Overnight in Joilet, IL. Visit the start of Route 66 and visit some attractions on Lakeshore Drive.

### **CORVETTE RACING AT LE MANS: Date with Destiny Dawns**

DETROIT (June 8, 2018) – With a successful Test Day in the rear-view mirror, it's time for Corvette Racing to turn its focus toward the focal part of its season – the 86th running of the 24 Hours of Le Mans. It's the 19th consecutive appearance for the team at the French endurance classic... and undoubtedly its biggest challenge.

The two Chevrolet Corvette C7.Rs, fresh off eight hours of testing Sunday, are part of a 17-car field in the GTE Pro category. A victory would be the ninth for the program at Le Mans and quite possibly the most impressive.

Corvette Racing was 10th and 11th in class on the Test Day with Oliver Gavin quickest in the No. 64 Mobil 1/SiriusXM Chevrolet Corvette C7.R. He wasn't too far ahead of Antonio Garcia in the

No. 63 Mobil 1/SiriusXM Corvette; the two cars were separated by just 0.038 seconds around the 8.47-mile circuit.

Incredible competition is nothing new to Corvette Racing, which has swept the last two IMSA WeatherTech SportsCar Championship titles in the GT Le Mans (GTLM) class for manufacturers, drivers and teams. Those championships have come against many of the same marques and entries that the team will face at Le Mans.

Already this year, Corvette Racing has tasted success with a class victory on the streets of Long Beach for Gavin and Tommy Milner. They will team with Marcel Fässler in the No. 64 Corvette while Garcia, Jan Magnussen and Mike Rockenfeller – who returns to Le Mans after last appearing in 2012 – are together in the No. 63 Corvette.

Garcia and Magnussen are coming off a hard-fought, third-place finish in the team's most recent IMSA event at Mid-Ohio in May. The two Corvettes already have one 24-hour race under the belts with a third- and fourth-place finish in January's Rolex 24 At Daytona to open the season.

To illustrate the closeness in GTLM, all four Corvette drivers are tied in points and only 10 markers from first place. Chevrolet is third among manufacturers but only three points out of first.

Turning toward Le Mans, the team's history and success there is well-documented: the eight victories in 19 appearances is a level of success that no active program in the last two decades can match. Corvette Racing has won in three generations of Corvette race car – C5-R, C6.R (in two categories) and C7.R.

The rate is \$65+tax. We'll have our last dinner of the cruise together and then use what money you have left to make your fortune.

Sunday, August 19th – We'll be meeting at 9AM for a driver meeting and heading for home. We'll probably make a lunch stop in Wendover. This is Nola's last chance to make her fortune on this trip.

I'm still working on a few details along Hwy. 101. We will stop to see the Redwoods and a beach or two. More details are coming but I wanted everyone to get their reservations early.

During our three days in Salinas we should plan to depart the hotel for the Laguna Seca raceway just after a brief driver's meeting 8:00 a.m. Travel time to the raceway from Salinas is 25 minutes.

Tickets - You will want to purchase your tickets for the race and, by all means, your Corral Pass before June 23, 2018 (who wants to wait that long?) and they will be mailed to you. Don't wait, Coral Passes sell out fast! There are several choices for ticket packages but the best and most popular is the General Admission 3 day pass (\$80.00). This means you can wander the entire raceway, including the paddock (Pits) and sit anywhere you like, (the front straight across from the pit area is amazing). You can order tickets through the

web <https://oss.ticketmaster.com/aps/mrls/EN/buy/quickbuy/312>, or you can also contact the ticket office by telephone and the nice lady will take your order for track tickets and Corral Pass by calling 1-831-242-8200. Your tickets will be mailed to you.

Stuff To Do - As mentioned above there will be time available to cruise around in the Vettes and take in the beautiful sights in and around the Monterey Bay area. Some of these include the famous 17 Mile Scenic Drive through Carmel, Pebble Beach, Pacific Grove, the Del Monte Forest, famous golf courses and beaches not to mention the 'wild life'. There is the Monterey Bay Aquarium, Ocean View Avenue "Cannery Row" in honor of John Steinbeck, there is Fisherman's Warf and Big Sur to name some. However,

every day at the raceway there is Action! Samplings at the track and in the Corvette Corral are: Practice Sessions by the three various classes of race cars. There are the Prototypes, the GTLM in which our Corvette team runs and the GTD class. You will see the Corvette team, Porsche, Ferrari, Lamborghini, the famous and so competitive Ford GT, BMW, Audi, and Lexus racing machines. You must hear the sound to believe it. There are Qualifying sessions for all three classes. In the corral there are raffles for hot laps in a Z06 with a professional driver and Hot Pit Passes. Tech Talks by famous drivers and team management, auctions for Corvette memorabilia, post-qualifying press conferences and more. The big race that we are all there for is on Sunday. When the Corral schedule becomes available I will get it out to you.

The Trip Home: Monday, September 10th - We can begin our sojourn towards home. There is no planned organized caravan to lead back to SLC. Preferences in the past have been that folks like to plan their own trip back, often taking a few days longer, stopping where they like. It will be your choice as to how you return. You may want to team up with friends to cruise your way back through the towns and vineyards of California or you may want to beeline back. It is all your option. So, enjoy the trip
